Believe Life Is Something Special

November 13, 2015

It was indeed an honor to host Dr. Toni Hatton, The Attractive Thinker, as a guest on my live internet TV show, "The Positvologist Is In The House". She has a wonderfully positive attitude, and a genuine heart-felt willingness and ability to help others reach their highest potential. Sharing her life journey, she is able to encourage others to overcome challenges (opportunities) with clear guidance and steps on how to do so. She is a true motivator and transformational agent for helping all of us see the light, and appreciate all that life has to offer when we do so. Those who encounter Dr. Hatton are in for an enlightening and life-changing experience.

Reverend Lynette Turner

Positvologist
